*"Finesse Entertainment performed at SKYCITY Variety of Chefs in front of 300 guests and were sensational! They blew the crowd away and we had numerous comments from guests about how much they enjoyed their performances ... Alyssa was great to work with in the lead up period as well and was able to design numbers that matched our theme, audience and event goals, even with limited direction. I would highly recommend Finesse for anyone who is looking for professional entertainment!"*

You all added that extra glam factor & easily enticed the customers to sample. We had many return customers that you all sampled over the 3 days who went on to purchase so your extra support definitely worked well. Thank you for your professionalism & seeking out customers even in the lull moments."*
